SUMMARY

Certified AWS Cloud Developer and Solutions Architect with a focus on cloud native and serverless development, infrastructure automation and cloud security. I also have experience in web development using the MERN stack and Microservices architecture. With a background in education and long-term volunteering, I am ready to contribute to the growth and success of others around me.

COURSES / TRAINING

Microservices with NodeJS and React - Stephen Grider

JavaScript Algorithms and Data Structures - Colt Steele

The Ultimate MySQL Bootcamp - Colt Steele

Web Developer Bootcamp - Colt Steele

AWS Certified DevOps Engineer - Professional (In Progress) A Cloud Guru

AWS Certified Security - Specialty (In Progress) A Cloud Guru

WORK EXPERIENCE

Special Education Paraprofessional

Dr. Cano Freshman Academy, Harlingen, TX
Sept. 2017 to Present

- Advocated for and supported Special Education students who needed more assistance to succeed in high school
- Monitored student data to implement strategies to promote student growth
- Taught Biology students one-on-one, tailoring my teaching to fit their learning styles
- Collaborated with other teachers/paraprofessionals to understand the overall needs of a student across different disciplines

Member of the Religious Order of Jehovah's Witnesses

Wallkill, NY
June 2013 to June 2017

- Full-time volunteer in support of the Preaching Work of Jehovah's Witnesses at the United States Branch Office working in the cleaning and security departments
- Trained new volunteers on departmental procedures, standards, and techniques
- Coordinated a 10-person night security crew that secured a facility housing over 1,000 people and a printing facility

EDUCATION

South Texas College

Associates Degree - Biology, 2012
