DRIVING PRINCIPLES

Web development and technology are tools for humans to connect with each other and solve the problems we face. With a passion for learning and teaching, coupled with a focus on problem solving and communication, I am ready to contribute to the growth and success of the company and those around me.

WORK EXPERIENCE

Special Education Paraprofessional

Dr. Cano Freshman Academy, Harlingen, TX
Sept. 2017 to Present

- Advocated for and supported Special Education students who needed more assistance to succeed in school
- Monitored student data to implement strategies to promote student growth
- Taught Biology students one-on-one, tailoring my teaching to fit their personal learning style
- Cooperated with other teachers/paraprofessionals to understand the overall needs of a student across different disciplines

Member of the Religious Order of Jehovah's Witnesses

Wallkill, NY
June 2013 to June 2017

- Full time volunteer in support of the Preaching Work of Jehovah's Witnesses at the United States Branch Office working in the cleaning and security departments
- Trained new volunteers on departmental procedures, standards and techniques
- Coordinated a 10-person night security crew that secured a facility housing over 1,000 people and a printing facility
